Greg Gremminger, Magni Gyro

Greg Gremminger talks about how to buy a used gyroplane. Before you put out your hard earned money for a gyro, there are things you should take into consideration like the condition of the aircraft and whether you will be able to obtain nearby training for the machine you are thinking of getting. There is far more to buying a gyro than being the low bidder on ebay.

Approx 5.4 Megabytes in size

Interview starts approx 3 minutes 15 seconds into the pod cast.
